Tax Rate Rise

funds were borrowed. Five pointed out, although the current funded debt of the Borough is only \$50,000, of a total borrowing capacity of \$150,000.

The Borough services Narberth would have to do without at least until June, providing the increased rate is approved at that time are as follows:

1. \$8,700 worth of playground improvements.
2. \$2,000 to be put toward amortizing the mortgage on the fire house.
3. \$2,000 as a reserve for new fire-fighting equipment.
4. \$2,000 for a professional survey of the Borough's recreation needs.
5. \$1,000 in a library appropriation.
6. \$8,822 in funds to match a similar amount the County may provide for road improvements.

Ironically enough, Narberth's fiscal position is the highest of communities of its kind in Eastern Pennsylvania. Its bonds in 1939 sold at one of the highest premiums on record of similar municipalities.

Per capita expenditures are among the lowest of municipalities of its kind, while services rendered are among the best. And, while the tax rate is high, assessments are low, and there are no sewer rentals or charges for special services.

Concluding, President Fox said "the citizens will have to fix their own values on Narberth services. I only hope that the word tax rate will not mislead them, and that they will think in terms of dollars and cents costs to them."

Rites For Mrs. Schutz

Funeral services for Mrs. Irene Schutz, of Clifton Heights, sister of Edward Young, of Manoa, were held Saturday afternoon from her home. Mrs. Schutz, wife of Louis Schutz, died last Wednesday at her home.

Last Rites For Dr. W. M. Miller Held Friday

Funeral services for Dr. Walter M. Miller, of 54 Princeton Rd., Bala-Cynwyd, who died in Palm Beach, Fla., December 29, were held last Friday at Oliver H. Bairs, 1820 Chestnut St., Philadelphia.

Dr. Miller who was 68, was Supervisor of Medical Inspection for the Philadelphia Board of Health and Board of Education, for the past 20 years, retired a year ago.

A graduate of Jefferson Medical College, he formerly maintained an office at 51st and Spruce Sts., Philadelphia.

A member of the Bala-Cynwyd Neighborhood Club for many years, he was also an active member of the Bala-Cynwyd Methodist Church. Dr. and Mrs. Miller had been residents of Bala-Cynwyd for the past four years. Dr. Miller had also served as president of the Ocean City, N. J., Fishing Club.

He is survived by his wife, Bertha, and two daughters, Mrs. William H. Livingston, of 72 Princeton Rd., Bala-Cynwyd and Mrs. Henry R. Planegan, of Lansdowne.

Interment was in Ivy Hill Cemetery, Mount Airy.

grounds and buildings, and there will be no subdivision of the property. There will be no experiments dangerous or offensive to the community conducted in the laboratory.

In carrying out this program, it will be the policy of the University that the home of the research laboratories shall be conducted on the Good-Neighbor Policy, with careful regard to the comfort of its neighbors. Temple University sincerely hopes that the community will welcome the research laboratory. After it is in operation, we hope to arrange a convenient occasion when our neighbors may visit us and become acquainted with the personnel. Temple University is certain that when you get to know us and our personnel, you will find it a pleasure to have us in your community.

Graeme Lorimer, president of the Haverford Civic Association, said Tuesday that if the property owners directly affected take a fairly unanimous position, the Civic Association will have a representative at the hearing, to put the weight of the Association behind that position.

The property has a frontage of about 400 feet on Montgomery Ave. and 700 feet on Booth Lane. Total area is about 280,000 square feet, or more than five acres.

The Montgomery Ave. frontage to a depth of 200 feet is zoned R-5 and the remainder is R-1A.

The property has been for sale for ten years, but there has been no inquiry from anyone interested in buying it to use solely as a private residence.

Prospective purchasers have suggested a private hospital, convalescent home, apartment house, girls' school, veterans' housing and a dormitory for a religious order.

There is nothing respecting which a man may be so long unconscious, as of the extent and strength of his prejudices.

The Spectator

which their creative workaday tasks have developed and disciplined their mental powers for effective action. Witness the process at work in the case of Robert Durbin.

The story starts in the little Pennsylvania town on the Monongehela River where he was born; his fourteen-hour-a-day job as a boy; then \$7 per week with the village newspaper; then five years of advanced journalistic chores in Pittsburgh, later foreman of a printing shop. California then lured him with a newspaper prospect in which he hoped to share ownership; but that fluked, and he returned to Pennsylvania to pick up a building lot he had won in an advertising contest. He became advertising manager for the Altoona Gazette, thence to John Wanamaker in Philadelphia for catalog and other special advertising work.

From John Wanamaker's he went to Wanamaker and Brown (Oak Hall) as big boss in advertising and after a year or so accepted a similar berth at William H. Wanamaker's. That was succeeded by a tenure at Marks Brothers (wasn't that at the northwest corner of 8th and Arch Streets?) and also at Blum Brothers, which was not the same concern as the Blum Store of these days.

This kind of an account stirs a sort of nostalgia, for there must be many who remember through the mist of the years that old 8th Street shopping section, Marks Brothers, Schoeneman Brothers (is that spelling correct, Mr. D?), Partridge and Richardson, Cooper and Conrad, Haines Bros. (before Gimbel's), et al. Most stalwart of all, however, was the well-rooted store of Strawbridge and Clothier, where Mr. Durbin finally arrived in 1905, to stay as advertising director until his retirement two years ago, a span of nearly forty years.

There is no desire to palaver our friend unduly (observe that is has not been said, as it could be, that he resembles Woodrow Wilson), but there is a persistent memory in this cranium of the handsome typography and decorous diction which characterized the S. and C. publicity when Mr. Durbin took hold. It was the kind of advertising theme which fortified the Quaker owners of the sturdy store as an integral part of the family life of the city and its environs, conservative, reliable and trustworthy beyond peradventure. It was highly interesting institutional propaganda while Philadelphia may debate as to which large store leads the local list in popular favor, no one presumes to put S. and C. lower than Number 2. Many women accord it the first place of all, and Mr. Durbin need not be too modest in reflecting on his substantial contribution to this high mercantile estate.

One should be reluctant to call our noteworthy neighbor's part of the great American book the chapter of the hard climb, even it might appear so, but he would be the first to break his reserve and say there was a fine compensating joy of achievement in every step he made.

THIS LIMITED space has been used with many pertinent facts yet to be said, some of them perhaps more significant than those mentioned. Hence it must suffice for the present to felicitate Mr. Durbin on his long and honorable career of impressive endeavor. His townsmen are aware of the years-old esteem in which the Durbin name is held in this borough. They want him to be deeply assured of that sincere sentiment. They seek the opportunity of a formal occasion of tribute, to him and to Dr. Snyder, a joint affair, a cordial evening celebration soon to occur. In the meantime, and most heartily, to both well-gifted gentlemen, MULTOS ANNOS!

Emma Hodgins Hurt By Auto

Husband, Passing By, Finds Her Hurt

Mrs. Emma Hodgins, active Philadelphia and Main Line clubwoman, was seriously injured early Tuesday night when she was struck by an automobile at Conshohocken State Rd. and Bala Ave., Bala.

Taken to Bryn Mawr Hospital by her husband, H. Childs Hodgins, who was driving by the scene of the accident, Mrs. Hodgins was found to have suffered possible fractures of the skull and hip and multiple head and internal injuries.

Hodgins, a prominent City architect, was unaware that the victim of the accident was his wife until after he stopped his car on Conshohocken State Rd.

Driver of the automobile, police said, was a 19-year-old Philadelphia youth, who said Mrs. Hodgins stepped from between two parked cars.

The Hodgins live at 34 Lodges Lane, Bala-Cynwyd.

Virginia McCall Receives Award

Haverford Artist Cited For War Work

Miss Virginia A. McCall, of 721 Millbrook Lane, Haverford, received the 1946 Gimbel Philadelphia Award at ceremonies Tuesday afternoon.

The award, given yearly to the woman from the Philadelphia area who "has done outstanding work for humanity," cited Miss McCall's "tireless devotion to the personal welfare of men wounded in World War II—especially for the unique application for her art to the recording of their recovery through plastic surgery."

A resident of Haverford for the past 25 years, Miss McCall was praised for sidetracking her career as an artist to give full time to men in Valley Forge Hospital.

In addition to teaching painting to neuro-psychiatric patients, Miss McCall assisted in plastic surgery operations by painting drawings for surgeons of patients upon whom plastic surgery was about to be performed.

Jurist To Retire

JUDGE HAROLD KNIGHT

Judge Knight Will Retire

County President Judge Served More Than Twenty Years

President Judge Harold G. Knight of the Montgomery County Common Pleas Court will retire from the bench at the expiration of his term at the end of this year.

The 68-year-old jurist, who has been on the County Bench for more than 20 years, announced this week that he will not be a candidate for re-election in the June 17 party primaries.

Judge Knight's announcement was in the form of the identical letters sent to State Senator Lloyd H. Wood, chairman of the County Republican Committee, and to Raymond L. Mensch, County Democratic Committee chairman.

The late Governor Pinchot appointed Judge Knight to fill an unexpired term on the bench on March 4, 1926. The next year he was elected to a full 10-year term, and was re-elected in 1937.

Judge Knight's retirement plans mean that Judge George C. Corson will be the County's next President Judge of the Common Pleas and Quarter Sessions Courts.

Speculation on Judge Knight's successor has centered around District Attorney Frederick B. Smilie and E. Arnold Forrest, of Conshohocken.

W. F. Leibfried Dies In Hospital

Solemn Requiem Mass for William F. Leibfried, a past governor of Bryn Mawr Chapter 332 of the Loyal Order of Moose, was celebrated Tuesday morning in the Church of St. Thomas, Villanova.

Mr. Leibfried, a resident at 218 Rockingham Rd., Garrett Hill, for the past 22 years, died last Thursday in Bryn Mawr Hospital after a long illness. He was 66.

He was a member of the Veterans of Foreign Wars, Bryn Mawr Chapter 843, having served as a private in Company F, 15th Infantry Division, during the Philippines Insurrection.

Burial was in Calvary Cemetery, West Conshohocken.

A native of Columbia, Pa., Mr. Leibfried lived on Thomas Ave., Bryn Mawr, for nine years before moving to Garrett Hill in 1934. Before he was taken ill last year, he worked as an automobile painter at the Durham Body Co., Bryn Mawr.

Carroll Plans 40 Twin Homes In Penn Wynne

Residents Will Press For Re-Zoning To Prevent Development

Ben L. Carroll, builder of the Carroll Park development, is going ahead with his plans to erect semi-detached homes near Penn Wynne Park despite opposition from residents who have asked the Lower Merion Board of Commissioners for a re-zoning that would balk his project.

This week, Carroll paid \$25,000 for a seven and a half acre tract touching on the southwest corner of Remington and Haverford Rds. He bought the property from Robert W. Siddall and plans to improve the site with 40 twin homes at a cost of approximately \$500,000.

Last month, a group of Penn Wynne residents appeared before the Township Commissioners and requested the section be re-zoned from R-1A, which permits twin homes, to R-1, which allows only detached single-family dwellings.

The Commissioners are expected to hand down a decision on the petition Wednesday night at their regular monthly meeting. In October, they granted an identical re-zoning in a section only a few blocks west of Penn Wynne Park.

Carroll, it is reported, believes he is on firm legal ground, since he has purchased the property while it is zoned for twin homes, and that any re-zoning by the Commissioners next week would be *ex post facto* and not binding on him.

Carroll's position was made stronger this week by a decision on the hard-fought Frankel case handed down in Montgomery County Court by Judge Harold G. Knight.

(Editor's Note: See separate story.)

There is no civic organization in Penn Wynne, but a spokesman for the protesting residents said he had heard of the Frankel decision. He said he was not sure the case was applicable to the Carroll dispute.

He said that approximately 55 persons would appear before the Commissioners Wednesday night to press for the re-zoning.

Mass Celebrated for James W. Whalen

Solemn Requiem Mass for James J. Whalen, of 6 Franklin St., Rosemont, was celebrated Wednesday morning at the Church of St. Thomas, Villanova.

Mr. Whalen, who was 76, died last Friday at home after a short illness.

A native of Conshohocken, Mr. Whalen lived most of his life in Lower Merion Township. A plasterer, he was employed by Doyle and Hencher, of Bryn Mawr, at the time of his retirement 15 years ago.

He is survived by his brother, with whom he lived. Burial was in St. Denis Cemetery.

The whole hope of human progress is suspended on the ever-growing influence of the Bible—William H. Seward.

Party for "Bertie" Pew Ends Gay Holiday Season

A festive dinner dance given by Mr. and Mrs. Joseph N. Pew, in honor of their debutante daughter, Alberta H. Pew, wound up society's gala holiday week-end.

The entire roof of the Bellevue Stratford was transformed for the occasion into a southern setting and provided a colorful atmosphere for the hundreds of guests who danced to the music of Meyer Davis' Orchestra.

Esplanade trees styled flat, in French fashion and in full bloom, were a marked contrast to walls draped with white satin and latticed with cherry blossoms.

The stage of the Rose Garden had been designed to form a facade of a house lighted from within. The musicians occupied a side patio.

The Oak Room was selected for the cocktail room and presented a picture of an English tavern built around a gracious fireplace.

"Bertie's Diner" was the surprise of the evening, and was revealed to the guests shortly before midnight. The diner was located in the South Garden of the roof and was surrounded by a grove of magnolia and cedar trees. Breakfast was served there after

the guests wound up their dancing at one o'clock.

Miss Pew, who is well known to the younger social set, is a sophomore at Sweetbriar College in Virginia. She was most attractively gowned in cream colored satin fashioned along bouffant lines. The bodice of the dress was designed with a yoke effect which was carried out in real Alencon heart roses around a cluster of green orchids.

Mrs. Pew greeted the guests in lace. Her flowers were sweet-smartly fashioned black satin gown, veiled with lace of the same color and embroidered with brilliant which outlined the yoke, made over flesh pink.

The family greeted their guests before a colored fountain in the gayly decorated entrance to the ballroom.

Among Miss Pew's houseguests for the dance were Brantley Lamberg, of Lynchburg, Va.; Peggy Hirsch, of Hartford, Conn.; Mary Gardner and Joanne Wright of Princeton, and Lindsay Coon, of Kingston, Pa.

Dr. and Mrs. Wharton Smith, of Baltimore, also visited Mr. and Mrs. Pew.

Nancy Knapp Engaged To John B. Huff

Mr. and Mrs. Alfred Southmayde Knapp, of 505 Beechwood Lane, Narberth, have announced the engagement of their daughter, Nancy Emma Knapp, to John Boyce Huff son of Mr. and Mrs. Thomas Henri Huff, of 120 Glenwood Rd., Merion.

The announcement was made at a gathering at home Sunday afternoon, Dec. 29, for members of the two families. Miss Knapp's grandmother, Mrs. Robert D. Oakley, and her aunt and uncle, Mr. and Mrs. Norman Packer, of Ridgewood, N. J., were among the guests.

Miss Knapp is a graduate of the Lower Merion Senior High School. Mr. Huff attended the Montgomery Country Day School, Penn Valley, before his family moved to Baltimore. They returned to Merion recently. He is now studying at the School of Industrial Art, Philadelphia.

R. Barclay Sculls Plan Dinner

The occasion will be in honor of Miss Constance M. Biddle, daughter of Mr. Alfred A. Biddle, of Newtown Square, whose engagement has been announced to Mr. Sidney Francis Biddle, son of Mrs. Olive Murray of New York and Dr. Sydney G. Biddle.

The wedding will take place at 4 o'clock, Saturday afternoon, January 18 in the Overbrook Presbyterian Church.

Mr. Peter De H. Biddle, of New York and Philadelphia, will serve as best man for his brother, and the ushers will include Mr. Oliver C. Biddle, of New York, another brother; Mr. Julian Biddle, brother of the bride, and a cousin of the bridegroom, and William Hollenback.

Democracy Here Is Asked By Nesei Hero

A plea for "Democracy at Home" was made before the Narberth Woman's Community Club Tuesday afternoon by Ben Kuroki, U. S. Army Air Forces hero of Japanese extraction.

Kuroki, a veteran of 38 combat missions over Europe and Japan, is making a nation-wide speaking tour—"His 59th Mission"—in a fight against race prejudice. He is a student at the University of Nebraska.

"Statistics gathered by J. Edgar Hoover proved that not one Japanese-American, either before or after Pearl Harbor, had any part in sabotage," Kuroki said.

"When I first entered the Army, I found some prejudice. I got overseas and served with a bomber crew which included a Polish-American, a German-American, and a full-blooded Indian. We all got along fine," Kuroki pointed out, "and it is through such understanding as we built up that we must base our methods for world peace."

He stated that he considers this tour his 59th mission and the most important of all he has served.

He stressed how as a Nebraska farm boy he had no knowledge of Japan, and when the time came for him to bomb his mother's hometown, he had little idea of where it was.

His friends, he recalled, used to kid him about his lack of knowledge about his family's country, but he added, "America is my country and the only one about which I am concerned."

Mrs. Ellorith Clark presided over the meeting in the place of Mrs. S. J. McCartney, president, who could not be present Tuesday.

Hostesses were Mrs. E. H. Cockrill and Mrs. Robert Gold. Mrs. J. Toland and Mrs. William Wylie presided over the tea table.

Miss Stout is a graduate of the Haverford Township High School, and Mr. Johnson is attending the University of Pennsylvania. No date has been set for the wedding.

Mr. and Mrs. Howard E. Tomlinson, of Orchard Way, Rosemont, announce the engagement of their daughter, Miss Audrey Louise Tomlinson, and Mr. David Cole, son of Colonel and Mrs. Philip Cole of 511 Fishers Road, Bryn Mawr.

Miss Tomlinson was graduated from the Agnes Irwin School and attended Southern Seminary Junior College in Virginia. Mr. Cole served with the Army Air Forces and is a student at Bowdoin College, Brunswick, Me. He is a member of the Theta Delta Chi fraternity.

Colonel Wallace J. Redner, USA, and Mrs. Redner, of Brussels, Belgium, and Highland Falls, N. Y., have announced the engagement of their daughter, Dr. Mary C. Redner, and Lieutenant Joseph C. Eichman, MC, USA, son of Mr. and Mrs. John A. Eichman, of 8 E. Newfield Way Bala-Cynwyd.

Dr. Redner is a graduate of the College for Women and the School of Medicine of the University of Pennsylvania. She is a resident at the C. H. Ruhl Hospital in Sharon.

Dr. Eichman was graduated from St. Joseph's College and Jefferson Medical College. He is attending the School of Radiology, Army Medical Department Schools, Fort Sam Houston, Texas.

Her father is professor of Sanitary Science at the Massachusetts Institute of Technology.

Mr. Alden, an alumnus of Phillips Academy, Andover, attended Haverford College, and enlisted in the Coast Guard in August 1942. He served in Greenland and in the Pacific and was placed on inactive duty as a lieutenant (jg) in May, 1946. He has resumed his studies at Haverford. His father served as Port Director of the First Naval District.

After the reception at the Harvard Faculty Club, Mr. and Mrs. Alden left on their wedding trip. They plan to make their home in Bryn Mawr.

To reach a port, we must sail, sometimes with the wind and sometimes against it, but we must sail, and not drift, nor lie at anchor.—Oliver Wendell Holmes.

Xmas Seal Donations Still Being Accepted

Although the 1946 Christmas Seal Sale has officially closed, it is not too late to send in contributions, the Rev. Robert J. Gottschall, County Seal Sale Chairman for the Montgomery County Tuberculosis and Public Health Society, announced this week.

"A new year is upon us and the Montgomery County Tuberculosis Society, which depends upon Seal Sale receipts to support its health program, is ready to launch its 1947 campaign against tuberculosis, a disease which kills more young people between 15 and 35 than any other disease. With the backing of the people of this country, the Society expects to enlarge its tuberculosis prevention and health work."

Supreme Court May Try Twp. Apartment Case

Exceptions Filed Against Decision Of Judge Knight

Exceptions were filed this week to the decision of Judge Harold G. Knight of Montgomery County Court giving Ephraim J. Frankel, Lower Merion builder, the right to proceed with the construction of a six-story apartment house at Old Lancaster Rd. and Latches Lane in Merion.

If the exceptions are turned down by the Montgomery County Court, Clarence E. Hall, solicitor of the Merion Civic Association, said the case would be appealed to the State Supreme Court.

Other parties, the Bala-Cynwyd Neighborhood Club, the Township of Lower Merion and Albert C. Barnes, wealthy art patron, whose museum is only a stone's throw from the apartment house site, are expected to join in the appeal to Pennsylvania's highest court.

Judge Knight handed down his 27-page opinion after more than a year during which hearings were held by Lower Merion's Board of Commissioners and Board of Zoning Adjustments and finally in court at Norristown.

Some of Lower Merion's most prominent residents of Merion, Bala and Cynwyd; various township civic groups, and the township government itself were pitted against Frankel in the case.

Judge Knight not only dismissed the bill in equity to keep Frankel from building Merion Plaza Apartments with its 80 apartment units, but the Court placed the costs on the plaintiffs, the Township of Lower Merion, the Merion Civic Association, the Bala-Cynwyd Neighborhood Club, Albert C. Barnes, Joseph D. Malkin and Viola V. Malkin.

Pointing out that Frankel, the defendant, acted in good faith, Judge Knight declared in his decision:

"The defendant having properly applied for and received a building permit and having made expenditures and incurred substantial obligations pursuant thereto, has acquired such a right as may not legally be interfered with by an amendment of a zoning or-

dinance which would prohibit the erection of a building which would have been permitted under the original ordinance.

"The amendment to the ordinance purporting to reclassify the property here in question from R-5 Residence District to R-3 Residence District, whereby multiple dwellings would be excluded therefrom, is arbitrary and unreasonable, and as to defendant is discriminatory and confiscatory, and as it bears no substantial or reasonable relation to the public health, safety, morals or general welfare, is an invalid exercise of the police power, and as such is unconstitutional and void."

After a reading of the Court's opinion Attorney Hall declared:

"Although Judge Knight's decision represents firm and reasoned judicial conclusions, it also expressed the viewpoint of some people who are constitutionally opposed to zoning. If this viewpoint was sustained throughout courts there would be little need for zoning."

Frankel entered into an agreement with Max H. and Mollie Rothstein on April 25, 1945, for purchase of the apartment house site for \$65,000. It consisted of three and one-half acres and a large single residence and garage. Prior to entering into the agreement Frankel was told by the real estate agent and by Lower Merion's Superintendent of Building Inspection that zoning of the property permitted construction of an apartment house.

On May 14, 1945, the Merion Civic Association passed a resolution authorizing its officers "to take any and all necessary steps to prevent the erection of the proposed apartment house."

On June 13, 1945, a large number of residents in the vicinity of the proposed Merion Plaza Apartment filed a petition with Lower Merion Commissioners asking that the zoning be reclassified as an R-3 residence district which would prohibit construction of the building. On the same day, Frankel asked for a building permit and paid the required fee for such a permit, \$510. This was followed by an appeal to Montgomery County Court, June 25, 1945, asking for a temporary injunction to restrain Lower Merion's building superintendent from issuing the permit.

At the order of the Court on July 16, 1945, the building superintendent in Lower Merion issued a building permit.

After public hearings in July the township commissioners amended the Township's Zoning Code and changed the zoning classification of the apartment house site from an R-5 residence district to R-3 district.

On August 28, 1945, Frankel made settlement for the property and three days later he moved a steam shovel onto the property and started digging. But later in the day he stopped digging on the advice of his counsel.

Plans for the apartment house call for six stories with an exterior of bux, iron spot brick over a structure of steel block. The building throughout will be fire and vermin proof. The garage will accommodate 65 automobiles and the entrance will not be visible from the street. Three automatic elevators will be provided and there will be facilities for the disposal of rubbish and garbage. Apartments will vary in size from three to nine rooms.

Judge Knight's Decision In Township vs. Frankel

Editor's Note—Excerpts from the decision of Judge Harold G. Knight in the case of Lower Merion Township, Merion Civic Association, Albert C. Barnes, Joseph D. Malkin, Viola Malkin and Bala-Cynwyd Neighborhood Club versus E. J. Frankel. The Court's decision dismissed the bill in equity which would have prevented the defendant from erecting a six-story apartment house at Old Lancaster Rd. and Latches Lane in Merion.

"Stated broadly the doctrine of 'vested rights' as it may be pertinent in this case, is that where an applicant has received a permit to erect a building of a kind permitted by existing ordinances, and has proceeded to act under that permit, he thereby acquires a vested property right which will be protected by the constitution, primarily on the theory that to disturb such right would be to deprive the holder thereof of his property without due process of law . . .

" . . . Further, when defendant demonstrated he was prepared to go ahead with his operation, the plaintiff again caused a halt with its bill and rule for preliminary injunction, coupled with the suggestion that if work were not voluntarily stopped, the authority of the police might be invoked . . .

"Thus, it appears, that had not the plaintiff township taken these steps to prevent further operations, defendant might well have proceeded at least until an injunction were served upon him.

"Plaintiffs contend that defendant's actions show lack of good faith on his part, and that he was 'out to beat' the amendment to the zoning ordinance. However, we do not agree that Mr. Frankel's conduct has been such as to show an absence of good faith.

"In the first place, it is definitely established that prior to concluding negotiations for purchasing the property in question, he inquired not only of the real estate agent, but of the Superintendent of Building Inspection himself, as to the classification as R-5 residence district. Having satisfied himself on this point he entered into a binding contract to purchase the property. Whether he obtained the property at a bargain price is immaterial. What is material is that the price he did pay — \$65,000 — is a very substantial sum of money.

"It is of interest that defendant's application for a permit and petition for rezoning, were filed on the same day. The contention of plaintiffs seem to be that this was the start of a race in which defendant had no right to participate, but we cannot adopt that view. If, as the township officer later certified, and this court found, defendant's application and plans were in accordance with the township ordinances and regulations, he was entitled to the prompt issuance of a permit and his petition for mandamus was filed with perfect propriety. As we view the matter, he was the equitable owner of a valuable piece of real estate, and his efforts to protect his interest in that property by vigorously pushing to completion his already formulated plans were entirely justifiable, and not at all evidence of an absence of good faith, especially in view of the fact that the property in question had since 1927 been zoned for multiple dwellings. There was no duty cast upon him, as we see it, to sit idly by until the township commissioners disposed of the petition for rezoning.

"Consequently, we cannot find that up to that point, or thereafter, defendant was lacking in good faith, and we therefore conclude he had a fully vested right which should be protected.

"Our conclusion is that the amending ordinance has no reasonable relation to the public health, safety, morals or general welfare, and that it is unreasonable, discrimination against this particular property and its owner, the defendant.

"The argument of plaintiffs and the contentions of their zoning expert are not convincing. The usual arguments have been advanced in support of the ordinance. These include the view that the location of an eighty family apartment on this site, will obstruct light and air because of its height and bulk; the number of automobiles will be greatly increased, resulting in increased traffic and parking hazards and problems, as well as an accompanying increase in noise; the density of the population will be increased; that it would encroach upon and have a deleterious effect socially and economically upon the adjacent high class residential district.

"Examining these arguments as they may be pertinent to the case in hand, we find they have little merit. As a limitation or obstruction of light and air, it is unquestionably true that any building will to some extent have this effect. It appears to us, however, that such a diminution of light and air by the proposed building will be inconsequential, if noticeable at all. . . . We agree with defendant's witnesses that whatever obstruction of light and air results, there will be no harmful effects therefrom.

"As to the increased number and use of automobiles, undoubtedly there will be some increase. However, the addition to parking problems will be negligible, for accommodations for 'on-site' parking are very generous, fully ample, it would seem, to keep additional cars off the streets. It must also be borne in mind that Old Lancaster Road is a well traveled highway; that this area is near a very busy commercial area, and that therefore the percentage in traffic increase will be slight, especially in view of the extremely large number of twin and row houses in the neighborhood adjacent to this property, all of which are equipped with garages. Moreover, while the chief objectors to this apartment house made much of the assumption that Latches Lane would bear the greater proportion of any increase in traffic, that is not unnecessarily true, for the apartment drives will both lead into Old Lancaster Road, thus affording most convenient access to City Line Avenue.

"That there will be an increase in density of population cannot be denied. That this circumstance, together with other factors involved, will have the effect of putting the community on a 'social or economic hobgoblin,' however, is a conclusion to which we cannot subscribe. Unquestionably, in the immediate vicinity, including that where the intervening plaintiffs reside, is a high class residential district, but we cannot see that the erection of this high class, modern apartment, will have adverse effect thereon.

"The factor of safety has been mentioned by counsel. Except as it may be related to the slight increase in traffic, with which we have dealt, this factor favors defendant more than the plaintiffs for the proposed apartment house will be of fireproof construction, a feature that would not necessarily be incorporated in single family residences that could be built on this tract were the amending ordinances permitted to stand.

"Defendant has argued at some length that the motive of the parties seeking amendment of the ordinance, since such amendment was sought solely against him and his project, renders the amendment invalid. However, we fail to see the relevance of any motive on their part, or indeed on the part of the township commissioners, except as the existence of such motive may negative the proposition that the ordinance was required for the public good. There is evidence from which it would be possible to infer that the change in zoning was sought not so much for the public good in general, but for the benefit of a few members of the public.

"In our opinion, to sustain the amending ordinance as valid, would be to lay aside all concepts of what does or does not bear a reasonable or substantive relation to the public good.

"It is for these reasons that we have concluded the bill must be dismissed."

County Figures Point To Rise In Delinquency

More Twp. Youths Before Court In 1946 Than In 1945

An increase in the amount of juvenile delinquency in Lower Merion Township last year is indicated in a report submitted last week to the County Court of Quarter Sessions by Chief Juvenile Probation Officer Peter J. Frascino.

Frascino stated that, contrary to the trend in the County as a whole, where the number of juvenile offenders was almost halved last year compared to 1945, 23 Lower Merion youths, compared to 20 in 1945, were taken before Juvenile Court.

In the county at large, 167 juveniles appeared in court last year compared with 328 the year before.

Since late Spring, it was recalled here this week, Lower Merion police officials have been sending to Juvenile Court only those offenders charged with more serious crimes.

Youths picked up on minor charges, like window-breaking, are given stern warnings in the presence of their parents or guardians and are sent to Norristown only if they prove incorrigible.

The names of many Lower Merion youths, whose offenses in other municipalities might result in their being sent to Norristown, thus do not appear on Juvenile Court records.

Local police officials said this week they have not yet completed tabulating their own records of juvenile offenders and offenses and thus could not comment on the figures released from Norristown.

Frascino's records indicated that 13 of Lower Merion Township's 23 delinquents who appeared in Juvenile Court last year came to Bryn Mawr. Nine were listed as living in Ardmore, and one from Gladwyne.

In 1945, only seven were listed from Ardmore, 14 from Bryn Mawr, and none from Gladwyne. Also in 1945, Merion and West Manayunk were listed as the homes of two delinquents each. None was listed for 1946. Wynnewood, in 1945, sent four to Juvenile Court, and none in 1946. Haverford sent one to Norristown in 1945, none last year.

The Borough of Narberth sent one to Norristown in both years.

Democrats Are Told One-Party System Is Un-American

Good government is impossible under a one-party system, Harry K. Butcher, secretary of Philadelphia's Committee of 70, told members of the Democratic Committee of Lower Merion Township and the Borough of Narberth Tuesday night.

Butcher, speaking at the regular meeting of the Democratic group in the Township Building, said that Lower Merion's 88 percent Republican majority was not in harmony with the American system of two-party government. He urged that political education of youth begin in the lower grades of elementary school.

Another speaker at the meeting, Mrs. Emilie Ehle, of Ardmore, a member of Americans for Democratic Action Committee, reported to the group the aims and ideals of the newly organized committee.

Penn Teacher Opens Young Men's Series

Prof. John L. Jones, of the University of Pennsylvania, opened a new series of classes for young men last Sunday morning in the Chapel-Cloister of the Bala-Cynwyd Methodist Church.

Topics for the first six weeks of the course are as follows: "The Young Man and His Church," "The Church and the Post-War World," "The Christian Affirmative," "The Christian Answer," "Has the Church a Message Today," and "Self-Searching, but not Self-Centeredness."

Youth Held For Tipsy Driving

Car of Wynnewood Man Injures Woman

A 22-year-old Wynnewood youth, Richard D. Lanser, of 640 Loves Lane, was held in \$500 bail for court Sunday on a charge of driving while under the influence of liquor.

Norristown police reported that a car operated by Lanser smashed into another car on Main St. seriously injuring one of the occupants, Mrs. Alvina Brown, of Philadelphia.

At a hearing Sunday before Justice of the Peace Donald L. L. Beideman, in Norristown, a police sergeant testified that Lanser told him after he was arrested that he had "had five or six drinks at a party."

It was also testified at the hearing that two partly filled bottles of liquor were found in the youth's car. Lanser was reported to have told the policeman that "he didn't know whether or not he had drunk any of that liquor."

The injured woman was taken to Montgomery Hospital, Norristown, with a fractured right ankle and back injuries. Lanser and the operator of the other car, a 28-year-old Philadelphia woman, were not hurt.

Police said at the hearing that Lanser's car glanced off a parked car on Main St. before crashing into the car in which the two young women were riding.

School Heads Honored By Education Group

Two township elementary school principals were honored at the recent convention of the Pennsylvania State Education Association. James L. Beighle, Principal of the Bryn Mawr School, was elected President, and Robert M. Means, Principal of the Bala-Cynwyd School, was named Secretary of the Elementary Principals' Section of the State Association.

Know Your State

During the last few years shipbuilding has been one of Pennsylvania's major industries. At the height of the War effort in 1943, it was fourth in employment with a labor force of 73,000, third in compensation paid to workers, and fourth in the value of its products. In 1944 shipbuilding had risen to third place in the value of output with a total production valued at \$591,000,000.

The contribution Pennsylvania shipyards were able to make to the national defense was based on a steady progress in the building of vessels extending back nearly three hundred years. The first ship constructed in our shipyards was launched in 1647 at Tineum on the Delaware River below Philadelphia.

In 1792 Pittsburgh built the "Western Experiment" which sailed down the Ohio and Mississippi to the Gulf of Mexico—the first sailing vessel ever to make that voyage. In 1797 the first large American battleship, the Frigate "United States," was launched in Philadelphia.

The steamboat was the invention of two Pennsylvania silversmiths, John Fitch and Robert Fulton. It was on the Delaware that the first steam-propelled vessel was put into operation by Fitch in 1787, and the first steamboat launched on western waters was a side-wheeler, the "New Orleans" built in Pittsburgh in 1811.

The building of iron and steel shipsheds began with an iron steamboat built at York, Pennsylvania, in 1826, and in the west with an iron steamboat built in Pittsburgh in 1839. The second iron battleship ever built in the world and the first in the United States was launched at Erie in 1843. This ship now named the "Volverine," is still on exhibition at the Presque Isle State Park.

The shipyards in Chester, Pennsylvania, now among the largest in the world, were pioneers in the commercial building of iron ships. Shortly after the Civil War, the first American fleet in the transatlantic trade was operated from Philadelphia to Liverpool. From that time on, the steady development of shipbuilding along the Delaware, where the League Island government shipyards add to the output of private firms, has given that River the nickname of "The American Clyde."

During the War, Philadelphia, Erie and Pittsburgh shipyards produced hundreds of vessels of all types for the United States Navy.

Narberth Courtmen Near Main Line League Lead

The hottest thing in the Main Line League at the present moment is Jiggs-Torchiana's Narberth quintet.

Monday night, the sizzling Boroughites staged a scorching last-period rally to defeat league-leading Coatesville, 59-54, and pull up to within one game of first place.

Narberth was paced by the league's No. 3 scorer, George Davidson, who notched 24 points. And Big George made his points when they counted. Fifteen of the 24 markers came in the fourth period when the Green and Gold warriors overcame a four-point Steel-er lead.

Don Markward, the league's top scorer, was back in action after missing three games because of an injured foot. Markward scored 17 points in a losing cause, but had to take a back seat to the ex-Penn Charter ace, who was not to be denied.

Meanwhile, Lower Merion's Veterans continued to move at top speed, defeating Clifton Heights, 55-52. The Aces came from behind in the second half to hand Johnny Wise's cagers their first defeat in two years on the Clifton Heights High School floor. It was the Veterans' fifth win in six starts.

In other Monday night engagements, Brookline walloped Chester, 53-35, to cling to fifth place in the standings, and Norristown, with Joe Gillinger scoring 15 points, whipped Wayne, 61-37.

On last Saturday night, the Lower Merion Veterans defeated Chester, 59-50, on the Chester Armory boards. The Vets, who led all the way, were paced by Bud Long, who netted 15 points. On Thursday night, Coatesville downed Brookline, 48-40, at Convention Hall. Bill Farra, former Coatesville High star, made up for the absence of Don Markward and Bobby Keen by scoring 15 points.

Looking into the future, Wayne and Chester meet in a Saturday night game at the Chester Armory. The game will have no bearing on the title race, for both clubs are hopelessly locked in the second division.

On Monday, Narberth visits Clifton Heights and the Lower Merion Vets play a breather with Wayne at Radnor High. Clifton journeys to Norristown on Wednesday, and, on the same night, Coatesville and Lower Merion meet in an all-important contest at Lower Merion High.

In their two previous encounters the teams split; the Aces winning at home, and the Steelers winning on their own floor. The Veterans' management is looking for a banner crowd to attend this crucial league game.

West Manayunk eked out a 37-35 win over the Ardmore Knights of Columbus to take first place in Section Two of the Main Line "B" League. The Yunkers are one full game ahead of the Knights and two in front of third-place Phoenixville.

In Section One, a surprising Sun Village five of Chester hung two defeats on a strong Sun Oil combination to give Coatesville undisputed possession of first place Sun Village's scores over the Oileds were 51-42 and 40-33.

The Lower Merion Veterans have released Bob Hackett, stocky substitute guard, to Narberth. Hackett, who played at Lower Merion High and Duke University, saw limited service with the Veterans.

The Wayne-Coatesville game, scheduled for December 30, has been re-scheduled for January 16, at Scott High in Coatesville.

Sport Club to Hold Its Annual Meeting

The Lower Merion Rod and Gun Club will hold its annual meeting at 8 P. M., Wednesday, Jan. 15, in the American Legion Hall in Narberth.

Following a short business meeting, the Club will elect officers for 1947 and a new moving picture in color and sound entitled "Clean Waters," provided through joint courtesy of the Pennsylvania Game Commission and the General Electric Company, will be shown. Refreshments will be served. Members as well as other interested sportsmen have been invited to attend.

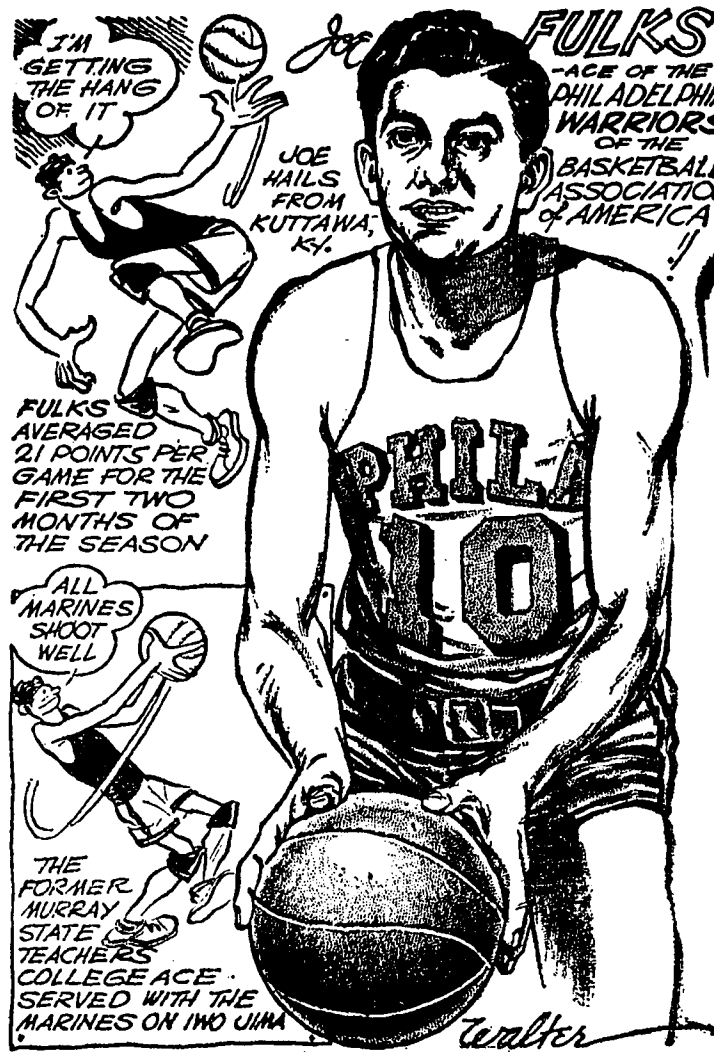

Committees of the Club are planning 1947 activities, which will include: rifle matches, trap shoots, plug, surf and fly casting contests, two major outings, stocking of game and fish in nearby fields and streams, a membership campaign, a large fish, game and vermin contest and salt water fishing trips.

Cynwyd, Merion Wins In Women's Squash

Cynwyd Club maintained its lead in the Philadelphia Women's Interclub Squash League by defeating Philadelphia Cricket 3-1, at Cynwyd, while Merion scored a clean sweep.

Merion Cricket Club routed Germantown Cricket, 4-0, to retain second place. Merion winners were Mrs. Charles Homer, Jr.; Libby Toulmin, Anne Townsend and Mrs. C. C. Madeira, Sr.

Clifton To Play Ken Abbe Star At Nunan-Slook Of VFMA Team

Nunan-Slook Post No. 338, of Oakmont, will seek its sixth triumph in seven starts in the Eastern Delaware County American Legion League on Tuesday night, meeting Clifton Heights on the Haverford Junior High Court.

Joe Petron's passers overwhelmed Glenolden, 41-32, in their last start for their fifth victory. The triumph enabled Oakmont to retain third place, one game back of Collingdale. Springfield is setting the pace with the six straight wins.

In other games last week, Glenolden defeated Upper Darby, 47-36 and Yeadon nosed out East Lansdowne, 37-33.

Nation's Top Teams To Test Villanova Five

Some of the season's toughest foes will be met by Villanova College courtmen during the month of January. Thus far, the Wildcats have won three of four contests, bowing only to Muhlenberg. Villanova meets Princeton, Georgetown, Navy, Fordham, Kings Point, Manhattan, Seton Hall, Rhode Island and Army during the month.

The four contests played to date have given Coach Al Severance some indication of what he may expect this season. In Captain Joe Lord the Main Liners have one of the East's top performers. He racked up 82 points in the pre-holiday games and may break his own college scoring mark of 303 points set last season.

Another holdover, Joe Brehmer, a sophomore from East St. Louis, Ill., has demonstrated that he'll be hard to keep out of the starting combination. Brehmer is a valuable playmaker who scores consistently on set shots.

Among the newcomers, Brooks Ricca, Leo Wolf, John Crossin, Sherwin Raiken and Perry Del Purgatorio have stood out. Ricca, a lanky plebe center from Philadelphia Naval Station last season, has gained polish with each game.

Wolf, one of two Trenton, N. J., products on the squad, has clinched a starting guard post with Brehmer. He is a good ball handler who has impressed rival coaches with his speed and agility.

In the scoring department, Crossin, Del Purgatorio and Raiken have proved effective. The former is a younger brother of the University of Pennsylvania captain and hails from Luzerne, Pa. Although only 5'09, Crossin is aggressive and holds his own against taller opposition.

Haverford School

Defeated by Navy

The U. S. Naval Academy Plebes scored a 50-23 triumph over Haverford School, of the Interacademic League, in a basketball game at Annapolis Saturday. Fritz Thornton led the Main Liners with 12 points. In all, 18 Plebes players saw action.

Court Coincidence

It is a coincidence, but John Crossin, Villanova freshman forward wears the same jersey number as his brother, Francis, captain of the University of Pennsylvania cagers. Both wear No. 4.

Lower Merion And Haverford Open In League

Thoroughly rested after the holiday layoff, Lower Merion and Haverford High basketball teams will open their Suburban Section One campaigns Friday night.

Lower Merion, which defeated Upper Darby in a playoff for the Section One title last year, will visit Norristown High to open defense of its crown. Haverford will be at Abington.

Both teams engaged in several practice skirmishes during the vacation period. Haverford encountered two of Public League foes—USNR, of "Spring Hill," Woodbin John Bartram and Ben Franklin High—and lost to both. The Fords also dropped a 10-point decision to the Alumni.

Steve Juenger, still dissatisfied with Haverford's showing, plans several lineup changes for the Abington game. Charlie Morrison will pair with Mike Kirshner at forward, while Bruce Yelland and Skipper Muir, playing his first season of basketball, will start at guard.

John Trickett, whose brother Joe starred for Haverford football and basketball teams—Joe is now at Lafayette—will get the nod at center.

Lower Merion will be seeking its third triumph in four starts at Norristown. The Ardmore Aces, led by Len Shepherd and Tom Davis, defeated Friends' Central and Chester after losing their inaugural to Merchantville.

Fellow Townsmen

Union City, N. J., leads in the number of representatives on this season's Villanova basketball squad. Three players, George Fricker, Perry Del Purgatorio and Dario Pia, hail from Union City.

Mrs. Brodie hits the roof!

No, no, this isn't a new Atom Bomb! It's merely Mrs. Brodie, after a quiet family conference with Mr. Brodie. Mr. B. made a few sharp remarks about their family budget.

Naturally, Mrs. Brodie hit the roof! And, like the cost of living, her temper kept right on going up and UP!

On the other hand, the cost of electricity, like Mr. Brodie's popularity at home, is going down and DOWN!

The Brodies (and you, too, if yours is an average family) get plenty of electricity for every budget dollar—more than twice as much as 20 years ago!

This domestic bargain took plenty of practical planning and technical skill on the part of your friends and neighbors in this company, under sound business management. You helped, too, by your increased use of electricity.

Mayflower Societies Hold 50th Anniversary

Philadelphia will be host this week when the closely knit group of Mayflower Descendants celebrate their 50th anniversary with meetings to be held at the Bellevue Stratford and the Union League.

Pennsylvania descendants were first permitted to join the already organized Mayflower Societies of Massachusetts, Connecticut and New York, in 1896 when James Mauran Rhoades, G. Granville Leach and his brother, Frank, eminent Philadelphia historians, invited prospective members to meet in this city. At that time there were only 23 persons from the Commonwealth who were eligible.

Last October the enlarged group of Descendants drafted a set of resolutions and a letter of congratulation at a meeting at the Union League and sent it to Captain Felix Tandre who headed the group of forty-eight Estonians who landed on the shore of Florida last year in search of freedom. This small band, after a perilous journey of 6,000 miles across the storm-swept Atlantic had as little in the way of passports, visas, or baggage as did the original group which disembarked from the Mayflower.

The first president of the Pennsylvania Society was Charlemagne Tower, former Ambassador to Germany. The present officers of the Pennsylvania Society of Mayflower Descendants, who retain the titles of their ancestors in the Plymouth Colony, are George Scott, Castle Governor; Philip Freeman, Murray and Henry Kendall Seal, Deputy Governors; young Margaret Livingston Seal, historical-minded post deb, Secretary; Charles R. Alexander, Captain Dr. Ralph D. Owen, Historian; Major

Mrs. Judson Newburg is President of Civic Club

West Brookline Group Head Is Charter Member

By SARAH P. BROCK

One of the oldest women's clubs in Haverford Township is the West Brookline Women's Civic Club. Its President, Mrs. Judson R. Newburg, is a charter member. West Brookline was a new community when the club was founded in November 1926. The men had organized a club association, which was disbanded, but the women group has continued its activities, with many of its original members still attending.

The club has a membership of 80 and meets in the Brookline Fire Hall on the second Wednesday afternoon of the month. At the beginning, the men met in the evening, as most of those who moved there were young men with small children. Now with these youngsters grown up, the club has changed to afternoon meetings.

Working Chairman
With the advent of new roads throughout the development, in 1926, the resultant traffic hazards for women, the mothers in the neighborhood banded together to protect their boys and girls and to work the betterment of the new community.

Mr. Newburg has been an ardent supporter of all ball games. She rarely misses a Haverford High basketball or football game and is now following the fortunes of the University of Delaware as well. She comes right by her father's enthusiasm for sports, as her father was a baseball player with the A's.

What we seek is the reign of law, based upon the consent of the governed and sustained by the organized opinion of mankind. —Woodrow Wilson.

The prejudices of ignorance are more easily removed than the prejudices of interest; the first are all blindly adopted, the second willfully preferred. —Bancroft.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goodie

With the turn of the year, housewives are always economy-minded. So don't forget it's thrifty to buy vegetables and fruits in season. Buy nutritious vitaminized margarine, too, for a economical table spread and cooking ingredient.

Speaking of economy, when serving roast and potatoes, cook a few more potatoes to make a crust for a meat pie next day. One good recipe calls for 2 cups mashed potatoes, 2 tablespoons margarine and 3/4 cup flour. Put out and bake like an ordinary pie crust. Then fill with creamed chicken or fish or meat and gravy.

Have you seen the purses that have a hidden compartment for umbrellas? They're wonderful for unpredictable winter weather. They come in most popular colors and are about average size.

Get your feet wet today? Then remember to dry out your shoes very slowly. Never near strong heat. Next give 'em the ol' shinola to help restore some of the leather's natural oils.

January mail order catalogs of some of the larger companies will carry many incorrect price listings because catalogs were printed before OPA controls were lifted. However, customers will be notified in case of price increase before shipment is made. Whenever possible the company itself will absorb the difference in price.

Recent reports indicate that sugar rationing will probably be increased in the second quarter of '47. And there's a good chance that rationing will be upped 20% next year.

Pastel bed sheets are popular again. Misty yellow, seafoam green, and peachblossom are most asked for colors. . . . And don't forget that when they become faded they can be tinted to look like new with instant dye.

Because farm turkeys are so large and hard to sell, the suggestion has been made to market turkey steaks, thereby solving the problem for both housewife and turkey grower. They're delicious either fried or broiled.

When winter menus get bogged down with starchy foods, give them a lift with tempting green or fruit salads topped off with a tempting real mayonnaise variation. Appetizer Mayonnaise made of equal parts of mayonnaise and French Dressing is good over most any salad.

Although this season's American rice harvest is 10% larger than last year's, this grain will still be very scarce during 1947. Heavy exports to the Orient, which depends on rice as we do wheat, will continue.

About the tastiest bit on any appetizer tray is Spiced Pineapple Cubes. Just saute them in vitaminized margarine and sprinkle with brown sugar and spices. Then add a dash of vinegar and stir gently until glazed. Ummm! They're good pickings!!!

And a Spring note! Gay print dresses with solid colored light woolen jackets to accent one of the colors in the print will be featured. So hang on to that last year's number. Maybe a jacket will be all you'll need to make a brand new ensemble.

Mrs. Lloyd Benson Gives Christmas Show
Mrs. Lloyd Benson, of 2914 Morris Rd., Ardmore Park, presented a marionette show, Dickens' "A Christmas Carol", Saturday afternoon at the Ardmore Women's Club. Two performances of the show were given. The Ardmore Manor Civic Association sponsored the special holiday entertainment.

The backstage performers were Olivia Scheufele, Peggy McKee, Gloria Fulton, Virginia Budd and L. M. Benson.

Job-Hunting in Rosemont Can Be Very Dangerous

Bernice Mason, 30, of 53 S. Warner Ave., Bryn Mawr, is sure she doesn't want to work in Rosemont. At least that is what she told Lower Merion Township police Friday night.

Shortly before nine o'clock Friday night, she was walking along Ithan Ave., toward the estate of Mrs. William C. Bodine, to apply

for a job as a maid. She told police that as she turned into the Bodine's driveway, a station wagon drew up along side and two youths leaped out and brandished revolvers at her.

One of the youths shouted, "This is a holdup!" but Bernice fled up the driveway toward the Bodine home. Mrs. Bodine told police she found the woman on the doorstep sobbing hysterically, with no station wagon in sight.

BEHIND THE SCENES in Hollywood

By HARRISON CARROLL

CRAWFORD GETS WHAT SHE WANTS—AND MORE

HOLLYWOOD—Snow was what Joan Crawford wanted when she went east. She got it—a blinding storm while she was driving her secretary and the two children from New York to the farm she rented at Mount Kisco. Dodging another car, Joan went into a ditch. They might all have been killed but, miraculously, nobody was even hurt. Joan tramped two miles to a farm house and called her caretaker who brought a truck and picked them up after they had been marooned for three hours.

Fifteen minutes after arriving at the farm, Joan was on the phone calling pals in Hollywood. "I was scared to death," she said, "but it was an exciting experience."

Adolf Gelpke Named Autocar Vice President

Ardmore Park Man Is Former Head Of Production

Adolf Gelpke, of 36 Glenbrook Rd., Ardmore Park, Production Manager of the Autocar Co. since May, 1944, was elected a vice president of the company at the last meeting of the Board of Directors.

In announcing Gelpke's election, the Board praised him for his "outstanding success in keeping up and increasing the production of heavy-duty Autocar trucks during the difficult year which has just closed."

He is married and is the father of four children.

"Bread of God" Text in Churches of Christ

"Sacrament" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, January 12. The Golden Text is: "The bread of God is he which cometh down from heaven and giveth life unto the world" (John 6:33).

Among Bible citations comprising the Lesson-Sermon is the following: "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully. He shall receive the blessing from the Lord, and righteousness from the God of his salvation" (Psalms 24:3-5).

Only those who have the patience to do simple things perfectly ever acquire the skill to do difficult things easily.—Schiller.
